The diagram illustrates the dependencies of the `tesseract_collision` benchmark utilities. A central box at the top lists the source files: `tesseract_collision`, `/include/tesseract_collision`, and `/test_suite/benchmarks/benchmark_utils.hpp`. Three arrows point from this central box to three separate boxes below it, indicating that these source files depend on the contents of the boxes below. The boxes below are labeled `benchmark/benchmark.h`, `Eigen/Eigen`, and `console_bridge/console.h`.
