

tesseract\_environment  
::StateSolver

```
graph BT; KDL[tesseract_environment::KDLStateSolver] --> State[tesseract_environment::StateSolver];
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a gray box labeled 'tesseract\_environment::KDLStateSolver'. A blue arrow points upwards from this box to a white box at the top labeled 'tesseract\_environment::StateSolver'. This indicates that 'tesseract\_environment::KDLStateSolver' inherits from 'tesseract\_environment::StateSolver'.
