A diagram illustrating the inclusion of a header file. At the top is a grey box containing the header file path: `tesseract_kinematics/include/tesseract_kinematics/kdl/kdl_inv_kin_chain_lma_factory.h`. Below it are two white boxes. The left box contains the source file path: `tesseract_environment/src/core/manipulator_manager.cpp`. The right box contains the source file path: `tesseract_kinematics/test/kdl_kinematics_unit.cpp`. Two blue arrows point from the bottom of each white box to the bottom of the grey box, indicating that both source files include the header file.
